Magic Valley Adult Leadership is a 10-month program that includes one full day each month with an emphasis on various types of business/industry around the area. However, it is a two-year commitment as the following year you are required to be a session designer for at least one of the sessions in the year following your graduation from the program. The price is determined on which Membership Tier your company is in. The cost includes food, transportation and any other incurred expense within the program for that individual. For inquiries on Tiers and pricing please contact the Chamber. You will be invoiced prior to the beginning of the program and payment is expected prior to beginning of the Sessions. We look forward to having you! For any questions call 208-733-3974.
